

OUR HISTORY:

The Child Care Advocate Program (CCAP) promotes the delivery of quality child care in California. In 1984, the State Legislature created the CCAP to provide a link between child care licensing and the community.

OUR MISSION:

The Child Care Advocate Program seeks to promote the delivery of quality child care in California through communication, knowledge and advocacy.

The CCAP tailors its activities to fit the needs of the local community. A Child Care Advocate is assigned to each Child Care Licensing office to provide information to parents, child care providers, employers, educators and community groups.

The Child Care Advocate participates in many community activities and special projects in order to:

- ★ Disseminate information on the state’s licensing role.
- ★ Assist county government and community agencies in capacity building and quality improvement efforts to ensure the availability of quality child care.
- ★ Provide information to the public and parents on child care licensing.
- ★ Seek to mediate disputes between the Department and Child Care Licensees.
- ★ Act as a liaison to child care resource and referral agencies.
- ★ Assist in the coordination of complaints and concerns on behalf of children in child care.
- ★ Serve as a liaison to local government, business, labor, education, law enforcement, education and child care providers.

HOW CAN WE HELP?

If you have concerns or need information about licensing of Family Child Care Homes or Child Care Centers in California, you may contact your Advocate at:
